

Echuca Regional Health Consolidation of Skills Program

Are you a Victorian Rural Generalist Registrar on one of the below recognised training pathways within Victoria?

- Australian General Practice Training Program (AGPT)
- Remote Vocational Training Scheme (RVTS)
- Australian College of Rural and Remote Medicine (ACRRM) Independent Pathway or RGTS OR a Fellowed GP

If so, and you have recently completed an Advanced Skill in one of the below specialities, then Echuca Regional Health is in the position to support the consolidation of these skills:

- Anaesthetics
- Emergency
- Obstetrics

Rural Generalists work at Echuca Regional Health in collaboration with other specialists to support the consolidation of these skills in line with your professional development requirements.

VRGP Consolidation Program

VRGP Consolidation Program Guidelines

Dr Ali Maudarbocus, current program participant

"Consolidating my skills in Obstetrics at Echuca means working under the supervision of highly skilled GP-Os and consultant obstetricians. From OSCE practice for the exams to theatre cases for the logbook - ERH is the perfect place to complete your DRANZCOG (Advanced)".
