

Corporate Social Responsibility Statement

Echuca Regional Health (ERH), are committed to having a long-term positive impact on the health and wellbeing of the community. Key to building wellness is making socially responsible decisions that may influence healthy choices for both individuals and the community at large.

We strive to:

Enhance Access to Quality Healthcare: ERH are dedicated to providing universal access to high-quality healthcare services for all through an inclusive, culturally sensitive and diverse lens to ensure service system navigation is seamless.

Sustainable and Ethical Practices: ERH prioritises environmentally sustainable practices and ethical standards in operationalising the business, aiming to minimise the ecological footprint and contribute to a healthier planet.

Community Engagement and Support: ERH actively engages the community through partnerships, educational programs and initiatives that promote healthy choices, preventive care early intervention and overall wellbeing.

Employee Empowerment and Wellbeing: ERH fosters a culture that values employee wellbeing, professional development, and diversity through provision of a supportive work environment that promotes community contribution.

Continuous Improvement and Innovation: ERH are committed to continuous improvement and innovation in healthcare delivery, embracing new technologies and methodologies to enhance health outcomes.

ERH recognises a responsibility to positively contribute to society through upholding the organisational values of Collaboration, Accountability, Respect and Excellence (CARE) in all facets of business operations, driven by a commitment to support everyone to be healthy and live well.
